PROGRAMMING PROJECTS

DJANGO TODOLIST

<https://github.com/janah243/django-todolist>

I created a to-do list using Django. In this website, you can login, logout, register, create and delete lists and items and more.

PYTHON CHATBOT

<https://github.com/janah243/chatbot>

I created a chatbot using python which answers some general questions about myself, such as: what my name or age is, what my weaknesses and strengths are, etc.

ACTIVITIES/EXPERIENCE

VOLUNTEER WORK

2018 – 2019 | Lagos, Nigeria

My friends and I planned a charity drive, which focused on helping the less privileged children in orphanages. The children were entertained for the day and given gifts such as: clothes, toys, books, and stationery.

CLUBS/ORGANIZATIONS

ROTARY INTERACT CLUB

2019 | Lagos, Nigeria

Donated new books on World Book Day, and read along with the students of a public school in the community. We successfully ran a fundraiser to raise the needed money to buy the books and stationery required by this school.

STUDENT REPRESENTATIVE COUNCIL TREASURER

2019 – 2020 | Lagos, Nigeria

Managed the budgeting and kept a ledger of money for school events. In total, I was in charge of about 540,000 Nigerian Naira ≈ \$1,500.

ROBOTICS CLUB

2019 – 2020 | Lagos, Nigeria

Learned how to code in Python and JavaScript, how to use an Arduino and Raspberry Pi, and how to build a mini-robot using household items.

OTHER

SCHOOL PREFECT

2017 – 2018 | Lagos, Nigeria

Ensured the students were well behaved and arrived on time in school. I also had numerous duties to maintain behavioural conduct.

FUN FACTS

INTERESTS

Programming • Investing • Being involved with charities • Participating in fundraising events

HOBBIES

Gaming • Chess • Playing Soccer • Traveling
